Briefing #3

Run to the store for me, please. Either walk or ride your bike. Xylophones are on sale and I need one.

Hopefully, you will be able to find a small one. In case it is too big, ask them to ship it. Judging by the ad in the paper, they will have every size. If you run into any problems, please call me. Naturally, I am looking forward to making music with my new purchase. Xylophones are my favorite thing!
